

HAZARDOUS LOCATION MANUFACTURING SOLUTIONS

At Galco, we understand the critical nature of operations in hazardous locations. Whether you're in the oil and gas industry, chemical manufacturing, or any sector where safety and reliability are paramount, Galco is dedicated to bringing you the latest in intrinsically safe, explosion-proof, monitoring and control, and more to improve the safety of people and property. Explore our sizable inventory or give us a call to find the best solution for whatever your next hazardous location challenge may be.

PRODUCT SOLUTIONS: PROTECTING PEOPLE & PROPERTY

- **Intrinsically Safe Equipment:** Our range of intrinsically safe components ensures safe operation in explosive environments, maintaining the highest safety standards.
- **Explosion-Proof Enclosures:** Robust and reliable, our enclosures protect sensitive electronics from harsh conditions, preserving functionality and ensuring safety.
- **Purge and Pressurization:** Our control units, vents, and valve/manifold solutions protect general-purpose equipment in hazardous locations providing cost-saving explosion protection.

KEY HAZARDOUS LOCATION PARTS

We specialize in supplying the right parts for a wide range of hazardous location manufacturing industrial electronics and automation parts:

- Circuit Protection
- Fittings, Plugs, & Receptacles
- Intrinsically Safe Relays
- Explosion-Proof Enclosures
- Safety & Signaling
- Explosion-Proof Switches
- Purge & Pressurization
- Temperature & Pressure Transducers

TRUSTED HAZARDOUS LOCATION SOLUTIONS PARTNERS

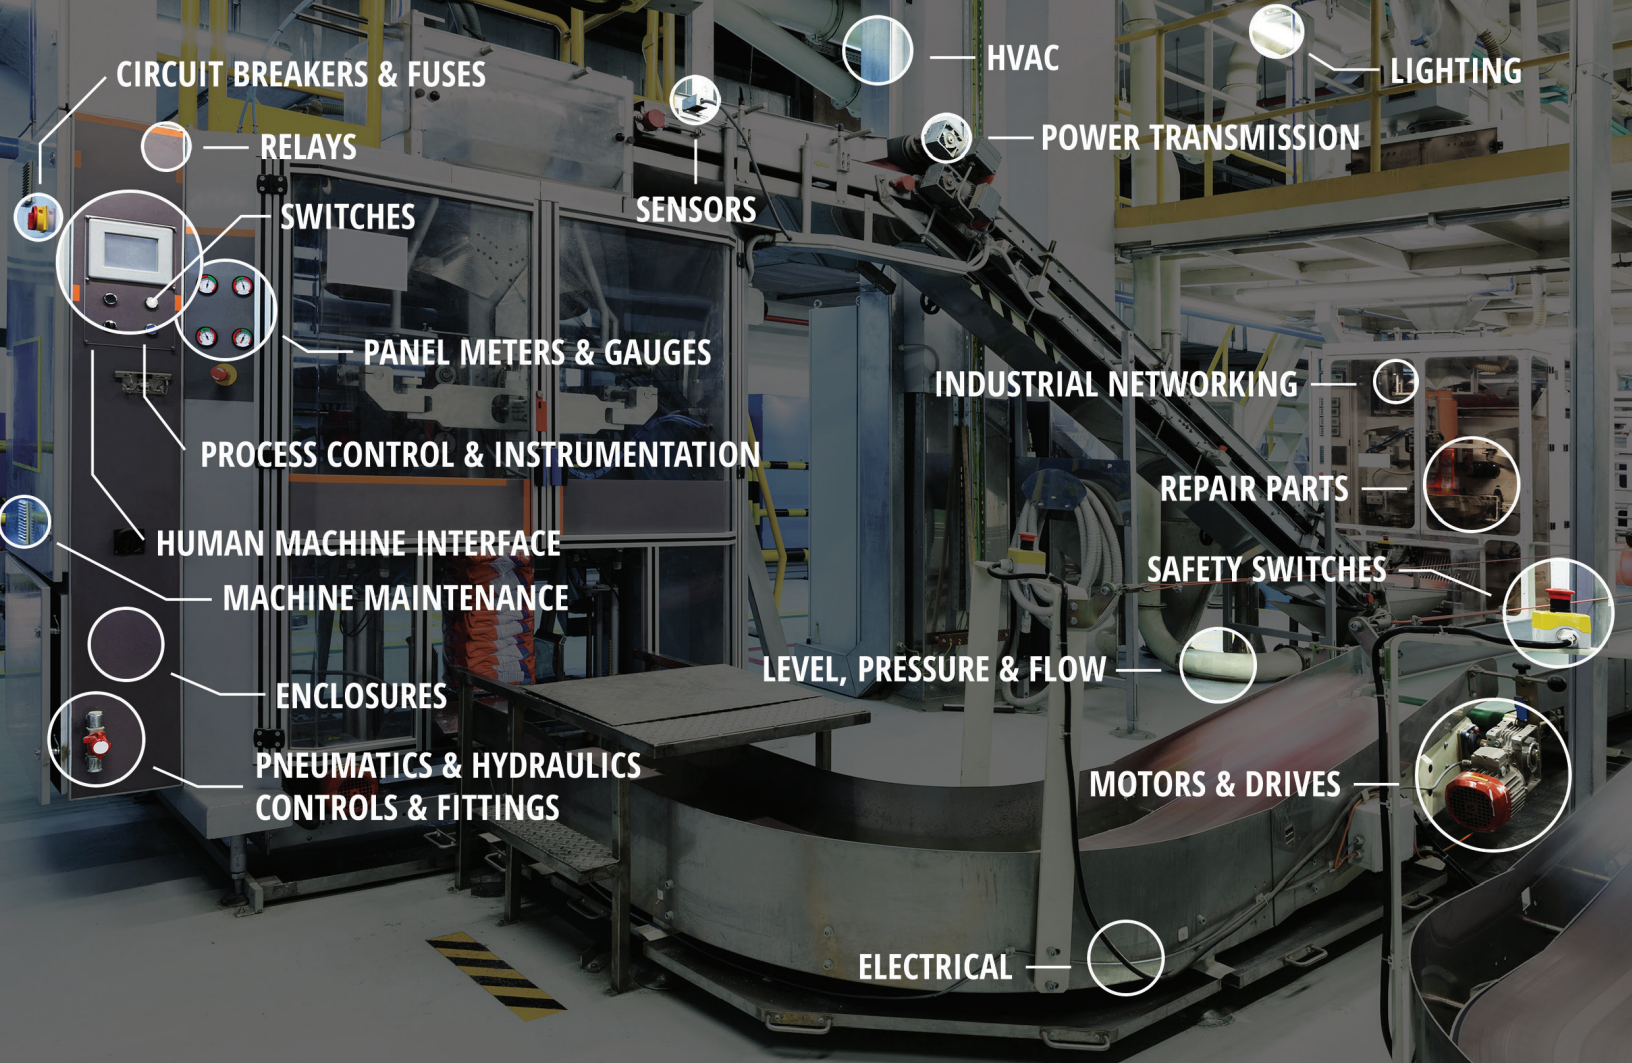

Our products are only as reliable as their manufacturers, which is why Galco carries components and parts from the most trusted brands for your hazardous location manufacturing needs.

- Adalet
- Appleton
- ATC Diversified
- Barksdale
- Edwards Signaling
- Federal Signal
- Killark
- Leuze
- Mersen
- NOSHOK
- Pepperl + Fuchs
- PR Electronics

RIGHT FOR YOU, RIGHT FOR YOUR BUSINESS

Whether you are looking to improve safety by installing a new enclosure to your manufacturing assembly line or increase efficiency in your press shop by upgrading the power supply, Galco's team of experts is ready to help you find the best product that suits your needs. Our team specializes in overcoming tough challenges, and with our extensive catalog of products, the answer you are looking for is here at Galco.

MILLIONS OF PRODUCTS. THOUSANDS OF APPLICATIONS. YOUR GLOBAL RESOURCE.
